ABOUT US

St. Andrew's Assisted Living of Bridgeton is a not-for-profit, state-licensed assisted living senior community. Being licensed by the State of Missouri as an Assisted Living Facility means we meet staffing, services, and security requirements for providing personal care services.

St. Andrew's is a smaller community compared to some others. There are just 30 studio apartments, and that makes it possible for everyone - residents and staff alike - to become acquainted, to become like family.

St. Andrew's cozy studio apartments, furnished with favorite pieces of your furniture and treasured mementos, quickly make you feel at home. Refrigerator and microwave equipped kitchenettes, along with easily accessed private baths, complete each apartment, allowing for convenience, independence, privacy, and peace of mind. An inviting dining room, offering three delicious home-cooked meals every day, is a favorite gathering place for our residents. A private dining room is also available for family get-togethers and when friends come to visit. The dining rooms, community living rooms, game rooms, a screened sunporch, and enclosed courtyard are all available for residents' use and quickly become extensions of their homes.

We are affiliated with St. Andrew's Resources for Seniors System, which has been helping area seniors "Worry Less" for over 50 years.
