Celebrate *life*
with faith and friends

Enjoy a satisfying and meaningful retirement

FROM THE COMFORTABLE surroundings to the cheerful dining rooms and beautiful chapel, a welcoming hospitality beckons all to enjoy a good life of faith and friendship.

Bobbie, a resident since 2008 said, "If you're looking for a retirement community with a friendly and safe environment where you can make new friends, stay busy, and receive caring, respectful, and individualized care when you need it, you'll find it at The Sarah Community."

The Sarah Community offers independent living, assisted living, and skilled nursing, each focused on wellness of body, mind, and spirit. Our community is grouped into households, which create a connected, inclusive environment for all while respecting the individual.

Staying young in mind and body

“OUR MOVE TO THE SARAH COMMUNITY began a wonderful new chapter in our life. So many things are available to us – events and activities, conversation and dinners with friends, and, when we want it, quiet time,” said Harold, a resident.

Founded in faith

THE SARAH COMMUNITY was created by Sisters from five religious congregations. Together, the Sisters established a community where respect, compassion, and a spirit of welcoming hospitality are key elements in meeting retirement needs and providing long-term care to their members and the general public.

Sr. Mary Jane described the unique culture at The Sarah Community this way: “Ours is a welcoming, faith-based residence for retired adults where they can continue their personal and spiritual growth. We have a wonderful combination of women religious and lay people. We share life and help each other as a close-knit group.”

“Men and women of all faiths are welcome here to enjoy a purposeful retirement,” said Sr. Evelyn. “Our beautiful Marian Chapel is at the physical and spiritual center of our community and connects us all.”

Sharing a table with friends

WE OFFER A VARIETY of excellent dining options where residents can share meals with family and friends, including state-of-the-art kitchen, dining room, and café/delicatessen.
